- [UW-Madison parking rates and policies webpage](#)
- [UW Accessible Parking map \(PDF\)](#)

### Visitor Accessible Parking

DOT disabled permits or DIS and VET DIS plates may park in the disabled stalls (unless signs indicate UW Disabled permits are required) and timed parking or meter stalls (30 minutes or greater) without paying an additional fee. See the [Wisconsin DOT website](#) for more information on DOT disabled permits.

Check the lots that have DOT accessible stalls on the [lot stall types page](#), as well as on the [accessible \(disabled\) parking map](#). During the work week before 4:30 p.m., accessible stalls are almost only available in gated lots (ramps/garages). Certain surface lots become available on weekday evenings and throughout the entire weekend. See when lots may be available on the [lot locations and hours page](#).

Coming for a special event like a Badger game? Check out the [event parking page](#) and the [events calendar](#) to see what lots are available for certain events. Certain lots are reserved for accessible parking during big events.

Real-time visitor stall counts are monitored for gated UW garages/ramps. The inventory does not indicate specifically if DOT stalls are available in the lots, only visitor parking in general. [Real-time visitor parking availability page](#).
